EVERY BODY IS DIFFERENT.

But we all want the right fit.

If you're a healthy woman between the ages of 18 and 45, learn about a new clinical research study of an investigational once-weekly birth control patch.

Qualified volunteers will receive study-related medical evaluations and care at no cost.

Reimbursement for travel may also be provided.

To find out more details on *Simplify* a local study of a new investigational birth control patch, please call:
